The map is a hexagonal grid with columns labeled A1 through P10 and rows labeled 1 through 10. A yellow path starts at the top left, moves right through row 1, then down through column 2, then right through row 3, then down through column 4, then right through row 5, then down through column 6, then right through row 7, then down through column 8, then right through row 9, and finally down through column 10. There are several buildings: a large one at G1, a medium one at M1, a small one at M9, a large one at D4, a small one at D1, a small one at D3, a large one at K8, and a large one at G7. There are also several trees and a large grey area on the right side. A yellow triangle with the number 813 is in the top left, and a blue triangle with the number 46 is in the bottom right. A north arrow is in the top right corner.
